# Ellenbrook...

Just half an hour from Perth, Ellenbrook is far enough away to be a haven from the hustle and bustle of city living, yet close enough to be in easy reach of almost everything you want.

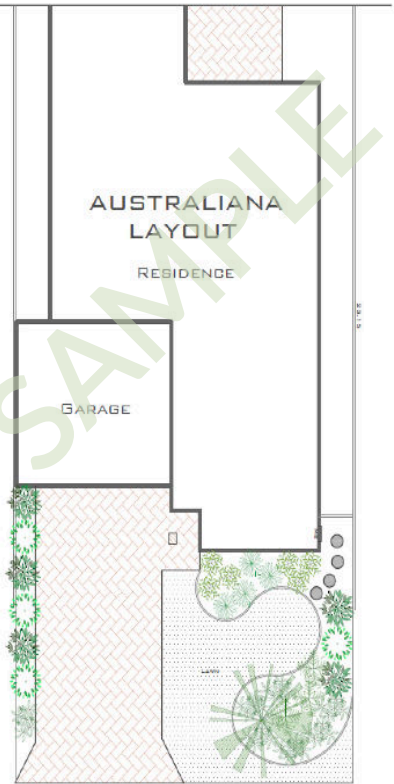

The town centre and surrounding eight villages are designed so that a quality lifestyle is within reach for everyone, regardless of budget or stage of life. It's why Ellenbrook has won more awards than any other new town in Australia, including being named the best master-planned community in the world.
